**DETAILED ACTION**

1. This is the fifth office action for serial number 10/603,509. This application remains 8 pending claims numbered 2-8. Claims 1, and 9-10 had been canceled.

***Claim Rejections - 35 USC § 102***

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 2-3 and 5-8 are rejected under 35 U.S.C. 102(e) as being anticipated by US Publication No. 2002/0185583 to Metelski.

Matelski discloses a stand for a surgical microscope comprising a stand column (1a, 1b, 1c); a pivot arm (11a, 11b, 11c, 11d); a rotary bearing (32 for example) for mounting the pivot arm on the stand column; an electromagnetic brake (see German patent application 101 23 166.0 which is incorporated by reference herein. See also paragraph 007, page 2 of the specification) for locking the pivoting motion of the pivot arm in the rotary bearing; and a mechanical brake having adjustable braking force (screw 34) for braking the pivot arm in the rotary bearing. The mechanical brake includes a resiliently preloaded pin and a brake pad (33b) (Figs. 3-4).

As to claims 3, 5, 6 and 7-8 are also disclosed by Metelsk as evidently shown on Figs. 5-10.

***Allowable Subject Matter***

3. Claim 4 is objected to, but would be allowable if rewritten to include all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

4. Applicant's arguments filed January 11, 2006 have been fully considered but they are not persuasive.

Applicant argued that screw 34 is not a mechanical brake. The examiner respectfully disagrees. The examiner considers screw 34 is a mechanical brake having adjustable braking force, which includes a resiliently preloaded pin and brake pad (33b).

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
